New York, Dec. 26.—The Commercial's Washington special says:

Mexican News.

New York, Dec. 28.—The Commercial's Washington special says: Authentic intelligence from the City of Mexico represents a noticeable growth of nationality in that city and in the country. The French were becoming daily more unpopular and their withdrawal would be immediately followed by the downfall of Maximillan. The new dynasty is only maintained by foreign bayonets, and the feeling of the instability of the Empire is increasing. The officials are uneasy and dread a popular manifestation in favor of the Republic and the old factions are gradually abating their difficulties in a manner that bodes no good to the Imperialists. The sentiment of nationality has been immensely stimulated by the foreign invasion and by the hopes inspired by the restoration of peace in the United States.

The Fenian Trouble.

The Fenian Trouble. The Femina Trouble.

New York, Dec. 26,—Dr. Christopher Weltz, an eminent surgeon and physisian, for many years past connected with the Coroner's affairs, died suddeny at the New York Hospital on Sunlay evening. There is a considerable excitement in

There is a considerable excitement in the city owing to the promulgation, by the Senatorial party of Fenians in certain documents, bearing upon the present Fenian troubles, a letter from Jas. Stephens, obtained at the Dublin trial, denominating O'Mahoney a drag chain and stumbling block. The movement for compromise is going on, and the rank and file begin to favor the retirement of both O'Mahoney and the Senate.

Fire-Murder.

SHAFFERS, PA., Dec. 25,—At 1:15 p. m. to-day a fire broke out in the Ocean House. The entire west side of the town from Donnelly & Co.'s oil office to the Postoffice was consumed in two hours. Parson's Hotel is among the rains. All the shops and stables adjoining back of this row were also destroyed. Donnelly's office and all below Centre street were saved. The wind was favorable for the safety of the oil platforms and no oil was burned. During the excitement Mr. Park was shot dead while quarrelling with his murderer who has escaped. Ten stores and four hotels, the bulk of the buildings, were consumed.

Riet on the Cars.

CINCINNATI, Dec. 26.—The Gazette says: Yesterday afternoon a number of men engaged as laborers on the Dayton and Western Railroad, near Richmond, Ind., took passage on the train bound for Dayton, and refusing to pay the fare a difficulty ensued, in which two laborers were killed and others wounded. The baggage master of the train was also wounded.

The safe of the Treasurer of Pulaski county, Indiana, at Cincinnati, was broken open on Sunday night and between \$7,000 and \$8,000 were stolen.

New York, Dec. 26.—The Herald's Vera Cruz correspondence, of the 13th inst., states that the old Imperialist rumor that Juarez had resigned the Presidency of the Mexican Republic, was sgain being circulated. The story is a canard, and intended, as in previous cases, to affect the Mexican Republican loans. The Imperialists, just before the sailing of every French steamer, hatch up and circulate some rumor to foster up Maximilian's course in the minds of the people of Europe.

St. Louis, Dec. 26.—Mr. Lockridge, a representative of the Railroad interests in Texas, has arrived at Kansas City on a mission to the President of the Kansas City, Fort Scott and Galveston Railroad, with a view to a speedy completion of that road with its Texas connection with the north-west, and the spirit of enterprise, generally, is rapidly obliterating all feeling of animosity towards the Union party.

General Mercer's Trial Progressing.

New York, Dec. 28.—The following are the causes of the arrest of General Mercer whose trial for murder is now going on at Savannah. The Herald's Savannah correspondent says: There existed at Savannah in 1864 a battallion of soldiers in the rebel army, composed of Union prisoners, who had entered the rebel ranks to keep from starving. The men took every opportunity to desert to our lines, and on one occasion seven of them were caught, tried for desertion, and that Gen. Mercer was in command and he has been placed on trial for murder. Gen. Mercer put in his parole by Sherman in defence, claiming United States protection under the Johnston-Sherman agreement. The commission are now adjourning from day to day waiting a telegraphic dispatch from Washington as to whether the trial can go on or not as no ovidence can be produced for the prosecution as yet. Application for ball was made on behalf of the accused which was refused by the Court. He is at present confined in the guard house under custody of the Provost Marshal, and is kindly treated. New York, Dec. 26.—The Commercial says: Commodore Winslow, formerly commander of the Kearsarge, has been ordered to the command of the Gulf squadron, in the place of Reay Admiral Thatcher, whe has been detained. This squadron now consists of twenty vessels, carrying one hundred and thirty-eight guns.

The gun-boat Florida, now at the Brooklyn navy yard, will soon be ready for sea. She is intended for the new West India squadron, and commander Henry Rolando, formerly of the Keystone State, has been ordered to command her.

The Commercial's Washington special says:

Marshall Brown, the former landlord of the present Metropolitan Hotel, has been defeated in his long pending suit, brought against him by Mrs. Wyley, who claimed to be the acknowledged daughter of his deceased brother. It was while arguing this case and endeavoring to show that the mother of Mrs. Wyley was not Tillotson Brown's lawful wife, that lawyer Jas. H. New York, Dec. 26.—The Times gives on extract from a letter received from a gentleman holding a high commercial position Kingston. It says:

The excitement caused by the late disturbances are passing off, and all the various and wild rumors that were in circulation about an organized conspiracy have vanished in thin air, and existed only in the minds of a certain class whose policy it is to make such a statement. The very fact that ever 500 were hanged or shot, besides an innumerable number flogged without one of the military &c., having sustained as much injury as a finger scratch, proves to some extent that there could have been no organization. All the outrages that were committed by the robels did not extend beyond the first day, and some of the atrocities committed by them are quite equalled by the cruelties of the Provost Marshal. The principal that seemed to have governed and regulated the authorities, was vengeance and not mercy; and it is believed that very many innocent persons were sacrificed.

New York, Dec. 23.—The Post says the tone of confidence which prevailed in Wall street last week is rather subdued and modified this morning by a variety of causes, as most of these causes are temporary in their nature. The expectation is freely expressed by a large of number intelligent business men, that the present and prospective ease in money will give an impetus to business early in January. The loan market is very easy at 7 per cent, and the accumulation of capital is so much increasing that lenders in some cases are accepting lower rates.

Christmas dinners and presents were given the children of Howard's Mission and Home for Little Wanderers, the Five Points Mission, the Five Points Mission, the Five Points House of Industry and to the Veterans in the Soldiers Department. Mr. C. W. Trainer opened his doors to widows and children of the dead Union soldiers of the war.

New York, Dec. 20.—A petition is being signed in this city by men who enlisted in the Union army after the beginning of the war, before the passage of the law granting large bounties, and who have been discharged on account of sickness, wounds, injuries, promotion, expiration of term of service or of re-enlistment, asking Congress to give them bounties in proportion to the bounties that were given to soldiers who entered the service during the latter part of the war.

New York, Dec. 26.—There is rather more supulry for sterling exchange. The supply of commercial bills, however, continues limited and the rates for leading brokers' bills are rather firmer. Leading drawers quote 108½a 109¾, and as business progressed the latter became the prevailing rate.

Fortress Monros, Dec. 28.—In some localities in this district last night, considerable excitement prevailed owing to an unfounded rumor being circulated that the blacks were to make insurrectionary movements against the whites. The blacks celebrated Christmas eve according to their custom, by the burning of fire works. No over tact has been reported, except in Norfolk, where a negro attacked a policeman with a club, who, in self defence, shot the negro.
